

Durham VA Medical Center

VETERAN RESEARCH ENGAGEMENT PANEL

The Durham VA Health Services Research & Development, Center of Innovation seeks Veterans and caregivers to give feedback on research. As a Veteran Representative, you will help shape the way health services research is created and conducted. Your experiences, knowledge, views and ideas are needed!

What does a Veteran Representative do?

- ◆ Attends meetings (no more than once a month)
- ◆ Provides input on new and current VA projects
- ◆ Reviews project materials created for Veterans and their families
- ◆ Helps make sure the research speaks to Veterans' concerns

What are some benefits of being a Veteran Representative?

- ◆ Brings the Veteran patient perspective to VA Research
- ◆ Gives back to fellow Veterans & their families
- ◆ Gains knowledge about Veterans' health and VA health research
- ◆ Helps create solutions to health problems facing Veterans
